

GAMES @ DEER PARK

WEREWOLF

Werewolf is a party game that's a little bit spooky, a little bit sneaky, a little bit silly, and a lot of fun.

There's no board, no pieces, no devices: you play it purely by talking and watching the other people around you, to work out who's legit and who's lying.

Spot the werewolves and save the village... or lie through your fangs and prey upon your neighbours.

Let the hunt begin!

Deer Park: Wednesday 30 March, 2-4 pm

SPACETEAM

Spaceteam is a fast-paced co-operative multiplayer game about teamwork, communication, and auxiliary nanobuzzers.

Each player's tablet or phone has some of the controls of a spaceship flying through a dangerous part of space, and you all have to work together to keep the ship from crashing, exploding, or being sucked into a wormhole.

Can you co-ordinate your efforts, survive the danger, and become a true SpaceTeam?

Deer Park: Wednesday 6 April, 2-4 pm
