

Welcome to our Open House

Welcome and thank you for attending our Open House at Victoria University Secondary College.

I invite you to read through this information pack to discover the wonderful and wide-ranging opportunities we provide for all students at our College.

At VUSC we believe all students can succeed with effort and persistence. We teach them to have a growth mindset – to challenge themselves, to learn from their mistakes, to persevere and to have a positive attitude. Our teachers have continuous training based on recent Australian and international educational research, so that high quality instruction is delivered every day, in all classrooms throughout the school.

This year our graduating students from 2019 are studying degrees in Biomedicine, Accounting, Law/Justice, Business/Marketing, Criminology, Computer Science, Engineering, Education, Science, Media, Music, Pharmacy, Sports Sciences and Nursing/Midwifery to name a few. Several of our past students come back to speak to our current students about aspiring to achieve and how to make the most of their secondary schooling to prepare them for the world.

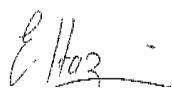

However our focus begins in Year 7. From day one, we will teach your child how to aspire and succeed.

For information on how to enrol, please note the following timeline:
